~Trails & Walkways
~Upland Wildlife Habitat Management
~Early Successional Habitat Development
~Fuel Break
~Road/Trail/Landing Closure & Treatment
~Tree/Shrub Pruning
~Woody Residue Treatment
~Conservation Stewardship Program (CSP)
Michigan Forest Association Forest and Water Fund
~FMP
~Implementation of conservation practices:
-High Carbon Reserves – protect mature trees and habitat.
-Prescribed Fire – restore ecosystems with controlled burns.
-Ecological Tree Planting–plant native, climate-smart species.
-Resilience & Health Treatments–thin and cultivate diverse forests.
